

# **Health, Safety and Environment (HSE) Policy**

AHM Marine believes that Health, Safety and Environment are a vital part of our business and hence we are committed to protect and safeguard the health and safety of our employees, customers, suppliers and visitors.

It is our policy to ensure our activity causes minimum harm to the environment and take all necessary precautions to mitigate any risks to the environment.

AHM Marine shall implement HSE system which shall comply with internationally accepted standards, local laws and client regulations.

The HSE policy shall be communicated to all employees who will be trained to ensure that they work in accordance with the policy. HSE objectives shall be set and evaluated on an annual basis.

The HSE system shall be constantly monitored, stringently implemented and continually improved upon through internal and external audits. The policy shall be reviewed annually for adequacy and relevance.
